Reguliersdwasstraat 3-1, 1017BJ Amsterdam, Netherlands

☎ (+33) 648 624 537 | ✉ aurelien.arino@gmail.com | 📱 Arinono | 🌐 aurelien-arino

Experience

Asyncy/Storyscript/Story.ai

Amsterdam, NL

SOFTWARE ENGINEER

March 2019 - November 2021

- Creation of a complete and novel text editor in TS, backed by a WASM (then WebSocket) engine written in Rust
- Integrating and maintaining pixel-perfect landing pages, with up to 3 different websites, and several versions over time
- More complex web apps: Services Hub, Developer Dashboard, Language Editor playground
- Desktop apps using Electron: Developer tools to help build microservices, Desktop assistant powered by Story.ai
- Multiple internal services: Authentication API, App Runtime, GraphQL servers, WebSocket servers
- Several microservices to power the app runtime: Twitter, Slack, GitHub, Discord, Twitch, Xero, Stripe, and many more
